

Volume 1 Issue 5

Date of release: 31 October 2020

Frequency: Bi-Monthly (September-October 2020)

Issue DOI: <https://www.doi.org/10.46766/thegms.v1.i5>

Pediatrics | Case report

[Orbital emphysema and blurred vision in a healthy 10-year-old girl](#)

Cristina Barbas Rebollo^{1*}, David Aínsa Laguna¹, Manuel Porcar Almela^{1,2}

¹Department of Pediatrics, Hospital Universitario Dr. Peset, Valencia, Spain

²Department of Pediatrics, Obstetrics and Gynecology, University of Valencia, Valencia, Spain

Published: 12 September 2020

Pages: 001-003

Cite: Rebollo C. B., Laguna D. A., Almela M. P. Orbital emphysema and blurred vision in a healthy 10-year-old girl, G Med Sci. 2020; 1(5): 001-003. <https://www.doi.org/10.46766/thegms.pedia.20082607>

Microbiology | Research article

[Isolation, identification and biochemical profile of pathogenic and opportunistic bacteria from sore throat](#)

Orsud H. S.¹, Mergani AE. O.^{1*}, Elsanousi S. M.² and Elazhari G.³

¹Department of microbiology, Faculty of Veterinary Medicine, University of Khartoum, Sudan

²Department of microbiology, Faculty of Veterinary Medicine, University of Khartoum, Sudan

³Faculty of Veterinary Medicine and Surgery, Sudan University of Science and Technology, Sudan

Published: 16 September 2020

Pages: 004-012

[Bioinformatics analysis of myocardial immune progression](#)

Bin Zhao^{1*}, Xia Jiang²

¹School of Science, Hubei University of Technology, Wuhan, Hubei, China.

²Hospital, Hubei University of Technology, Wuhan, Hubei, China.

Published: 7 October 2020

Pages: 013-046

Cite: Zhao B, Jiang X. Bioinformatics analysis of myocardial immune progression. G Med Sci. 2020; 1(5): 013-046. <https://www.doi.org/10.46766/thegms.bioinfo.20091203>

[The role of mutations on gene SLITRK1, in Tourette's Syndrome](#)

Shahin Asadi^{1*}, Mohaddeseh Mohsenifar²

¹Director of the Division of Medical Genetics and Molecular Optogenetic Research & Massachusetts Institute of Technology (MIT)

²Division of Medical Genetics and Molecular Pathology Research, Harvard University, Boston Children's Hospital

Published: 13 October 2020

Pages: 047-051

Cite: Asadi S., Mohsenifar M. The role of mutations on gene SLITRK1, in Tourette Syndrome. G Med Sci. 2020; 1(5): 047- 051. <https://www.doi.org/10.46766/thegms.medgen.20100501>

[Association of haematological and biochemical parameters, ultrasonographic and upper GI endoscopic findings with sero prevalence of HBV and HCV among chronic liver disease patients in a tertiary care hospital](#)

Richmond Ronald Gomes^{1*}, Moin Shahid², Saiful Bahar Khan³, Md. Zayeed Ahsan⁴, Syed Imtiaz Ahmed⁵

¹Associate Professor, Medicine, Ad-din Women's Medical College and Hospital, Dhaka Bangladesh

²Associate Professor, Endocrinology, Ad-din Women's Medical College, Dhaka, Bangladesh

³Assistant Professor, Nephrology, Ad-din Women's Medical College, Dhaka, Bangladesh

⁴Medical officer (OSD) Directorate General of Health Services

⁵Assistant registrar, Nephrology, National Institute of Kidney Diseases & Urology (NIKDU)

Published: 13 October 2020

Pages: 052-061
